

Last Day To Order Is May 15th, 2024

Congratulations on this exciting milestone!

These school years have been an amazing time filled with growth, fun and exciting new experiences. As you move on to your next adventure, Edge Imaging is honoured to help you remember this special time with a Milestone Class Composite.

What is a Class Composite?

It's a printed keepsake featuring portraits and names of all the students in the class! A great way to capture this moment in time. All students will be photographed for the class composite; however, only students that purchase a composite will receive one.

Orders due on or before photo day

1. Go to edgeimaging.ca/mycomp **BEFORE** photo day.
2. Select your school and enter your student details.
3. Composites will be delivered to the school before the end of the school year.
4. Remember your whole class with this commemorative composite.

Stay in the know!
