

318-A Appendix A Student Responsibility Form

STUDENT RESPONSIBILITIES

USE AND CARE OF EQUIPMENT

1. Only board-approved software is to be loaded onto the computer by board personnel. This ensures the proper configuration of the system.
2. The board's Responsible Use of Digital Technologies policy (Policy 318) will apply at all times and locations.
3. Repairs may only be done by an Upper Grand District School Board repair technician.
4. Equipment will be used with the provided electrical supply cords only.
5. Equipment will be plugged directly into a wall receptacle or a CSA approved power bar.
6. Equipment will not be taken from board property without prior consultation with the designated board personnel or according to an agreed upon plan (i.e. principal, vice-principal, resource teacher).
7. Technology support including repairs and technical advice is not available in the home setting or in other locations outside of the school building.
8. Equipment is to be handled with care to avoid damage.

I understand and agree to follow the above conditions regarding the use of Upper Grand District School Board technology at home.
