

Planning Department Memo 2023/24 Development Area School Assignments

To: Peter Sovran, Director of Education
From: Glen Regier, Executive Superintendent of Business Operations and Support Services
Ruchika Angrish, Manager of Planning
Date: November 8, 2022
Report Type: DECISION

Background

A Development Area (DA) is a geographically distinct area designated by the Board where students are assigned to holding schools that have space available temporarily. DA's provide the Board with flexibility to assign students from new residential developments to schools outside the attendance area when the local school is unable to accommodate the students due to capacity limitations. In some cases, DAs continue to be assigned to holding schools until a new school is built in the community. In other cases, all or a portion of a DA may be incorporated into an existing school's attendance area. Temporary holding school assignments are reviewed each year.

Individuals who move into a DA are advised of the DA status through a clause in their Purchase and Sale Agreement, and by a warning statement posted on subdivision signs in new residential developments.

Each year the Planning Department reviews the current and projected enrolments of holding schools to determine if any school assignments should be changed for the upcoming school year.

Issue

To provide trustees with Development Area school assignments for the 2023/24 school year.

Recommendations

1. That memo PLN: 22-24 "2023/24 Development Area School Assignments" dated November 8, 2022 be received.

2. That the Development Area School Assignments as outlined in Appendix A to memo PLN: 22-24 “2023/24 Development Area School Assignments” be approved for the 2023/24 school year.

Rationale

The following information outlines the recommended additions and changes to the DAs and school assignments for the 2023/24 school year.

New DA’s Under Consideration for 2023/24

Centre Wellington

Cachet Salem DA (Map 20)

The subdivision located at 75 Woolwich St E in Salem proposes approximately 147 single detached residential dwelling units and 149 townhouse units. Planning staff is projecting the construction for this new development to start in 2025. This subdivision is being established as a DA to provide the Board with flexibility given the amount of residential dwelling units proposed in this area and due to current enrolment pressure at the local school. The Regular Track holding school assignments for this development are Salem PS for JK-3 and Elora PS for Grades 4-8. Planning staff is aware and monitoring the enrolment pressure at both schools. The DA provides the Board flexibility to assign the students to other schools in the area that have capacity. There is no impact on the French Immersion (FI) student accommodation. FI students in JK-2 will attend James McQueen PS and JD Hogarth PS for Grades 3-8. The secondary school students will also not be impacted due to this DA and students will attend Centre Wellington DHS for RT and FI.

Mulmur Township

Armstrong Mansfield DA (Map 33)

The subdivision located at 937045 Airport Road in Mansfield proposes approximately 42 single detached residential dwelling units. The construction for this subdivision is projected to start in 2025. Although not a large subdivision, this area is being established as a DA to provide the Board with flexibility given the current enrolment pressure at the local school. The Regular Track holding school assignment for this development is Primrose ES for JK-8. Planning staff is aware and monitoring the increase in enrolment at Primrose ES in recent years. While the holding school assignment for this development is Primrose ES, the DA provides staff the flexibility to

hold students to other schools in the area that have capacity. There is no impact on the French Immersion (FI) student accommodation. FI students in JK-8 will attend Centennial Hylands ES. The secondary school students will also not be impacted due to this DA and students will attend Centre Dufferin DHS for RT and Erin DHS for FI.

Erin

Erin Heights Golf Course DA (Map 36)

The subdivision located at 5525 Eighth Line in Erin proposes approximately 288 residential units including a mixture of single detached dwellings and townhouses. The construction for the new development is projected to start in 2024. This area is being established as a DA to provide the Board with flexibility given the amount of new residential units proposed in the Town of Erin. The Regular Track holding school assignment for this development is Erin PS for JK-8. Planning staff will continue to monitor the enrolment at Erin PS. Although the holding school is Erin PS, the DA will provide staff with flexibility to reassign students from this development to other schools in the area that have capacity. There is no impact on the French Immersion (FI) student accommodation. FI students in JK-6 will attend Brisbane PS and Grades 7-8 will attend Erin PS. The secondary school students will also not be impacted due to this DA and students will continue to attend Erin DHS for RT and FI.

Hillsburgh North DA (Map 37)

The Hillsburgh Heights subdivision in northwest Hillsburgh proposes approximately 330 residential units including a mixture of single detached dwellings and townhouses. Although an elementary school block is included in the plan of subdivision, this development is established as a DA to provide the Board with flexibility until the school site is acquired and constructed. The subdivision construction is expected to start in 2025. The Regular Track holding school assignments for this residential development are Ross R. MacKay PS for JK-6 and Erin PS for Grades 7-8. Planning staff will be monitoring the enrolment at Ross R. MacKay PS and Erin PS given the amount of residential growth planned in the Town of Erin and in Hillsburgh. Although the holding schools are Ross R. MacKay PS and Erin PS, the DA will provide staff with flexibility to reassign students from this development to other schools in the area that have capacity. There is no impact on the French Immersion (FI) student accommodation. FI students in JK-6 will attend Brisbane PS and Grades 7-8 will attend Erin PS. The secondary school students will also not be impacted due to this DA and students will continue to attend Erin DHS for RT and FI.

French Immersion Assignments

This section outlines where there are grade structure changes at FI schools in the DA School Assignments table and maps.

A new FI program began at Gateway Drive PS in September 2018. The new FI boundary resulted in a change to the FI assignments of the South Paisley DA. In accordance with the implementation plan from the boundary review, effective 2023/24, JK-3 FI students in the DA will attend Gateway Drive PS, Grade 4-5 FI attend Willow Rd PS, Grade 6 FI will attend Paisley Road PS and Grades 7-8 FI are assigned to John McCrae PS. Map 8 reflects these grade changes.

DA School Assignments Under Consideration for Future Changes

Morning Crest DA (Map 6)

The Morning Crest DA was also identified in the 2022-23 Development Area Report as an area to be monitored. This DA was developed in 2008/09 in order to manage the growth associated with the Morning Crest subdivision which is located north of Eastview Rd and east of Watson Rd to the limit of the City. The Morning Crest subdivision is now fully built out and there is an established school community attending Brant Ave PS for JK-6 and Waverley Dr PS for Grade 7-8.

Brant Ave PS is projected to start experiencing enrolment growth as a result of a new subdivision development within its attendance area boundary (NIMA subdivision). Brant Ave PS is a small school of 282 pupil places and there is currently 1 portable on site.

Phase 1 of the NIMA subdivision is currently under construction. At this time, staff will continue to monitor the enrolment at Brant Ave and does not recommend changing the holding school assignment for the Morning Crest DA for the 2023/24 school year.

North Fergus Phase 1, 2 & 3 DA (Map 14)

Staff identified the North Fergus Phase 1, 2 & 3 DA in the 2022-23 Development Area Report an area to be monitored due to the enrolment pressure and portable requirements at the holding schools and specifically at Salem PS.

The North Fergus Phase 1, 2 & 3 DA is the location of the Storybrook subdivision in northwest Fergus. Construction of the Storybrook subdivision Phase 1 is complete and Phase 2 is well underway. The Board has reserved a school site in Phase 1 of the development and received approval in November 2021 from the Ministry of Education to fund the construction of an elementary school.

In 2020/21, the North Fergus DA was split into three parts due to the enrolment pressure at Salem PS and to provide future flexibility. The holding school assignment for all 3 phases (Phase 1, 2 & 3) was revised to Salem PS for JK-3 (previous JK-6) and Elora PS for Grade 4-8 (previous 7-8).

Currently, there are 4 portables on the Salem PS site. Salem PS is a small school with an On The Ground (OTG) capacity of 213 pupil places. Comparatively, Elora PS currently has 1 portable. Elora PS has an OTG capacity of 464 pupil places.

Consideration was given to shifting additional grades of students in the North Fergus Phase 1, 2 & 3 DA from Salem PS to Elora PS however, given the potential timing of opening the new elementary school in the Storybrook subdivision, staff is recommending that holding school assignments remain the same for 2023/24 and will continue to monitor the enrolment at both Salem PS and Elora PS.

Appendices

Enclosed are the following Appendices:
